Abhishek S R

Mechanical Design Engineer | Design Engineer

Bengaluru, India • abhishekabhisr2001@gmail.com • LinkedIn: linkedin.com/in/abhishek-s-r-647569179 • GitHub: github.com/Abhisr1

PROFESSIONAL SUMMARY

Mechanical Design Engineer with an Aeronautical Engineering background and experience in CAD modelling, engineering design, and Product Lifecycle Management (PLM) activities. Familiar with SOLIDWORKS, CATIA V5, Creo, NX CAD, Teamcenter, Infor Office, and SmarTeam. Interested in engineering design, product development, and continuous improvement.

TECHNICAL SKILLS

CAD Software: SOLIDWORKS, CATIA V5, Creo, NX CAD
PLM / Engineering Tools: Teamcenter, Infor Office, SmarTeam
Design Focus: 3D modelling, assembly design, engineering drawings, design development

PROFESSIONAL EXPERIENCE

Quest Global Engineering Services Private Limited — Mechanical Design Engineer
March 2026 – Present | Bengaluru, India

• Contribute to mechanical design and PLM activities.

• Support CAD-based design workflows and engineering project deliverables.

• Current project work is presented publicly only at a high level to respect customer and employer confidentiality.

Hindustan Aeronautics Limited (HAL), ACD Division — Internship

Completed an internship; specific responsibilities can be added after confirmation.

PROJECT HIGHLIGHT

Ground Support Equipment — Cabin Localization
A sanitized overview of mechanical CAD design and localization activities. Proprietary drawings, dimensions, part numbers, BOM data, and customer-specific details are intentionally excluded from this public resume.

EDUCATION & TRAINING

Bachelor of Engineering — Aeronautical Engineering
Karavali Institute of Technology, Mangalore | Graduated 2023

CADDESK, Marathahalli, Bengaluru
CAD / design training: AutoCAD Mechanical 2D, CATIA V5 3D Modelling, and ANSYS Workbench (as listed in the provided resume).

ACHIEVEMENT

On the Fly Award — Quest Global | September 2026
Recognized for exemplary project delivery and valuable contributions.

This public version intentionally omits phone numbers and confidential customer project details. Please verify all information before publication.
